

"I went further on a tank of fuel immediately after the **Wind Tamer MPG** was installed. No doubt I use less fuel every day and just plain handling my rig on windy days is easier!"

Jason Robb,  
White Rock Transportation

"I have a 32' End Dump Trailer with side posts exposed, after the **Wind Tamer MPG** was installed, I save 8-10 gallons of fuel every day!"

Kent Krueger

The **Wind Tamer MPG** system is a light-weight custom canvas-side kit designed to:

- Reduce wind resistance for better fuel economy
- Provide exterior protection for trailer
- Enhance exterior appearance and create a coordinated fleet brand
- Make for easier exterior clean-up
